List Serve Program

We own and maintain 5 list serves

- Crisis Intervention
- PPDMOMS
- YAH Youthline
- 1-800-SUICIDE

The NHN is the first suicide hotline network in the world. Prior to 1998 there was no national toll free hotline that connected to crisis centers that were certified. In ten years the NHN has grown from 10 calls a day to over 1,000 calls a day. 1-800-SUICIDE has been featured on MTV, MTV2, VH1, Fox Family Channel, HBO, Lifetime TV, BET, Oprah, Americas Most Wanted, OC, Boston Public and Nickelodeon. KBHC accomplished the following:

- Transition from almost 100% federal funding to 100% private donations and grants from the NGO sector
- Completion of a three year successful positive evaluation of the NHN
- Completed the 6 Annual music tours raising over \$500,000 and our 4 years of outreach on the Warped Tour reaching over a million youth with a message of help and hope
- Produced the Enhanced Content containing suicide prevention training and awareness for 5 compilation CD's that over 500,000 copies were sold or given away
- 5 Annual Press Conferences on Capitol Hill calling for the full funding of the Garret Lee Smith Memorial Act (GLSMA) resulting in the largest funding appropriations for suicide prevention in history
- Garnered over 250,000 signatures to support the GLSMA and Mental Health Parity
- Garnered over 1 Billion media hits
- Launched *Preventing Suicide the National Journal* online www.preventsuicide.us
